

RICH STRIKE IN SEVEN TROUGHS

(Special to the Bonanza.)
LOVELOCK, Oct. 31.—One of the most wonderful strikes yet made in this country has been uncovered on the Fairview group of the Seven Troughs Mining Company at Vernon, and which will make the other camps in this State look to their laurels. A vein has been cut in the hanging wall at the 400 level, twelve inches of which averages \$2000 to the ton. Two inches of this remarkable ledge goes sixty per cent in gold.

BISHOP OF LONDON PRAISES AMERICA

LONDON, Oct. 31.—The Bishop of London in his sermon Sunday at the Church of the Holy Trinity, said there were several lessons he had brought back from America.

There is far greater generosity, love and trust between different bodies of Christians and between the schools of thought in the same church in America than here in England, said Dr. Ingram.

"It was like going into another atmosphere to pass from the wrangles of Great Britain into an atmosphere where they are unknown. It was a great lesson to be present at the general convention of the churches in the United States; highly instructive to see a millionaire from Wall street sitting side by side with a working man, both representing New York. It was true democracy.

"There are no parlor cars in the American church.

"And then, what services we had out there! Talk of lively services. Talk of mechanical rites. Why I have heard the rafters shake with praise and there was no sneaking home afterward, desolated and discouraged."

BUTTE MINERS ACCEPT REDUCTION

BUTTE, Oct. 31.—By an overwhelming vote, Butte Miners' Union last night accepted the reduction of wages from \$4 to \$3.50, announced by the Amalgamated Copper Company, in accordance with the contract entered into between the company and the union that the scale should be \$3.50 when copper is below 18 cents and \$4 when it is above that figure.

HALLOWE'EN BALL DECIDED SUCCESS

There was a Hallowe'en ball at the Miners' Exchange hall last night, given by the members of the St. Patrick's church. It was a very pleasant affair, and was a success both socially and financially. The proceeds of the affair will be devoted to help out in the expenses of the parochial residence which has just been completed and into which Father Butler moved yesterday morning.

PERSONAL MENTION

Hon. George A. Bartlett and Key Pittman returned last night from a trip to Carson.

Charles A. Wonacott is back from Bishop, where he has been enjoying himself for some time.

Harry F. Sheldon, who has been here from Manhattan for the past two days, will return to the northern camp this morning.

BASEBALL SCORES.

SAN FRANCISCO, Oct. 31.—The following are the scores for today's games: San Francisco 7, Oakland 1; Portland 6, Los Angeles 3.

TEST OF LEPERS.

HONOLULU, Oct. 31.—A mass meeting of Hawaiians has been called at Ala park to urge the board of health to permit J. Lor Wallace to treat lepers experimentally with his remedies for leprosy to prove or disprove their merit. The call for the meeting was signed by representative Hawaiians of each of the three political parties. The meeting is expected to be largely attended.

Certificates of location for sale at this office.

RECEPTION FOR MRS. BARTLETT

DELIGHTFUL FUNCTION IN THE HONOR OF CONGRESSMAN'S WIFE.

One of the most notable events in the local "four hundred" which has been graced by Tonopah society, took place yesterday afternoon, when Mrs. George Thatcher gave a reception in honor of Mrs. George A. Bartlett, wife of the Congressman. The youth, the beauty, the elite and the fashion of Tonopah were there to meet one of the first ladies in the State, and in the fashionable crush were some of the most elaborate costumes ever viewed in the city.

The pretty home of the Thatchers was most artistically decorated. The shades were drawn, and the soft electric lights glowed upon a color scheme of pink and white. A great bowl, framed from a pumpkin, filled with chrysanthemums, graced the center table in the dining room, from which refreshments were served, and there were vases and bowls of the same flowers in profusion scattered about the rooms.

Mrs. Bartlett and her pretty hostess received the guests in the drawing room, assisted by several other ladies, and from three to five o'clock, the rooms were filled and there were arrivals and departures all the while. Beautiful plumes nodded from stunning hats, magnificent jewels gleamed and glistened in the soft lights, and gorgeous gowns, combined with the beauty of the women, made the scene a most dazzling one. Mrs. Thatcher was a most delightful hostess and Mrs. Bartlett a most charming guest of honor. Those meeting her for the first time found her a most sweet and gracious woman, engaging in manner, and to know whom better would be a privilege worth while.

Those who were invited to meet Mrs. Bartlett were:

Mesdames W. B. Alexander, Wm. Blackburn, Hugh Brown, Busch, Paul Beardsley, A. D. Bell, G. F. Blakeslee, Walter Cole, Wm. Charles, Sidney Clarke, John Curtis, Ed. Cushman, Sam Forman, Charles T. Grimes, Hugh Gore, Billy Grimes, J. F. Hedden, Harris, Sam Harding, Joe Jordan, D. H. Jackson, Frank Keith, P. E. Keeler, Zeb Kendall, Irving McDonald, McGuire, Harry Martin, C. H. McIntosh, Mages, W. B. Pittman, Key Pittman, Charles T. Phillips, Raymond Perkins, Clarence Odie, J. P. O'Brien, Bert Tripp, Trens, John Uhlund, T. Y. Williams, Woodward, C. K. Wise, John Woodbridge, L. G. Waterhouse, Anfield Taylor, Walter Shockley, Arthur Raycraft, Roy Richards, Albert Stock, Bert Smith, Ed. Sweeney, John Seward, Misses Harriett Crockett, Katherine Jackson, O'Meara, Alice Deebie, Dorothy Sheldon, Bradford.

CHANGE OF BILL AT THE BUTLER

There will be a complete change of bill at the Butler tonight, new specialties, new songs, new topical hits. Miss Gladys Middleton will render two new illustrated songs, and there will be new specialties by other specialists. To contribute to the interest of the program there will be four sets of moving pictures, which are alone worth the price of admission to the cozy little theater.

EDITOR IS NOT WANTED ON JURY

SPOKANE, Oct. 31.—The work of securing jurors to try Steve Adams progresses slowly in the District Court at Rathdrum, Idaho. Most of the day was taken up in the examination of L. G. Willis, one of the editors of Coeur d'Alene Journal. He was asked to read articles in that paper bearing on the case and was asked if he wrote them. He denied any knowledge as to the authorship. The defense appears to be making a strong effort to get him off the jury.

Attorney Clarence Darrow arrived Tuesday afternoon and has taken charge of the examination of jurors. There are still sixty-three jurors in the box who have not been called.

GUILD MEETING.

The regular meeting of St. Mark's guild will be held in the Guild hall Friday afternoon, November 1, at 2 o'clock. Hereafter there will be a meeting every week until Thanksgiving. Each member is urged to be present in order that much sewing may be accomplished for the bazaar.

RICH STRIKE TO THE NORTHEAST

PROSPECTORS BRING IN SPECIMENS THAT RUN HIGH IN SILVER.

A great strike has been made eighty-five miles to the northeast of Tonopah, just where the locators will not say at this time. They have only three locations, but that is enough, according to their notions of sufficiency. The discoverers are Jack Kendall and Jim Sloan, old time prospectors, and they have brought in samples of the ore that they have uncovered, and the ore looks like the "goods."

More than that the assays tell a most interesting story. The men have returns from two of their claims. The ore from the Silver Dollar claim goes \$197.24, and from the Rainbow claim \$177.14. On the latter claim is a huge boulder, weighing about two tons, and Kendall and Kendall and Sloan chipped off a sample of this, and the return from that was \$76.56.

"Just a block of ore, and nothing more," said Mr. Sloan; "that's what that rock is. Kendall was out there for two years, and I have been out there for five weeks. We struck this find about ten days ago, and it was funny to Jack that he had to wait until I went there to make the discovery. But then he told me that he had not yet prospected the ground and that was easy to believe after I had seen the ground. Nobody had prospected it; it was virgin territory and we only took up three claims. At that, I think we have the best of it, and we are going to sink right away."

"The country is the most beautiful that has ever been seen from the viewpoint of the desert. It is an ideal spot, with springs tumbling down the hills, flanked by cottonwoods and pines. The scenery is mountainous and rugged, but there are wonderful places of quiet beauty. In the valley below us is a lake, at least three miles long by half a mile wide. The deepest part of it that we found is fourteen feet.

"As soon as the place becomes known there will be a rush, without a doubt, but we are not looking for money or help of any kind. There are at least twenty tons of ore in sight, of the character of which we brought samples, and we will work the claims all winter. There are plenty of duck and deer, and we will manage to be very comfortable during the wet season."

CAPTURED WITH COIN CONCEALED

SPOKANE, Oct. 31.—With \$14,000 in national bank notes concealed on their persons, at the point of drawn revolvers, surrounded by a squad of detectives, two rough looking men, believed to be the bandits who held up the Great Northern Oriental Limited train near Rondo Sidling, Mont., on September 12, and secured \$40,000 in greenbacks, threw up their hands and were arrested in a Great Northern dining car as it entered this city last night. When searched at the police station the \$14,000 was taken from their clothing. The descriptions of the bandits exactly fit them. On the paper wrappers around the currency was the stamp of the Commercial National bank of Chicago. The suspects gave their names as E. C. McDonald, 43 years old, and Ed. Smith, 33 years old. They said they were miners. They fell under suspicion at Bonner's Ferry, where they squandered \$500 in dance halls and saloons.

AGED MINER GOES TO YALE

NEW HAVEN, Oct. 31.—Mitchell B. Haggerty, miner and an official of the Western Federation of Miners, has entered the law school of Yale university to fit himself for admittance to the bar of Montana. He expects to practice in Butte.

Haggerty is about 50 years of age and the father of two boys.

Mrs. Haggerty is here with him, and she, too, will study at Yale, having chosen elocution. Haggerty is a man of strong personality, of average height, broad shouldered, but of rather spare frame. His smooth-shaven features are inclined to be sharp, but his expression is frank and friendly.

At the law school Haggerty refused to say anything about himself or Mrs. Haggerty, save that they hoped to study for further usefulness in Montana.

JACK LONGSTREET STRIKES IT RICH

ASSAYS SHOW VALUES AS HIGH AS EIGHT HUNDRED DOLLARS.

There is a rumor afloat that Jack Longstreet has made one of the greatest strikes of the year on his ranch in the Monitor range.

The old timer and rancher was doing a little prospecting work on the ranch a few days since, and was ferreting out the best spots for his hay, his vegetables and the rest of his garden truck, when he struck a piece of rock that looked to his practiced eye like the real quill.

He struck off a number of samples and sent them into town by an Italian hand to have them assayed. The latter went out on Wednesday, carrying with him the assay certificates. The latter showed assays as high as \$800, and said that without a doubt Jack would be in in a couple of days to tell of his good fortune. Longstreet will probably locate a few more claims before leaving for Tonopah.

WILL EXPLAIN TO JUDGE BRISSELL

HARRY CASEY ACCUSED OF HAVING STOLEN GOLD FROM DENTIST.

Harry Casey did something very indiscreet last night. He came over here from Goldfield.

Last night he slept in jail, and rooms weren't scarce at other hostels either. It is about six weeks ago since he favored Tonopah with his presence. At the time of his disappearance the dental parlors of Dr. King were broken into and there were abstracted therefrom gold bridges, gold crowns, and quite a lot of gold amalgam. Some of the stuff was sold, the rest of it was cached in an old shack occupied by a man named Whitney Gray.

Sherlock Holmes Carberry, known to the profane as Bud, sleuthed the goods, and says that he has a dead case against Casey. He was expecting Casey, and when the latter put in an appearance last night, Bud whispered, "I want you," and Casey threw up his hands. At 4 o'clock this afternoon he will be tried.

POLICE LOOKING FOR WILLIAM GUNN

RENO, Oct. 31.—William Gunn, of the Minor-Gunn Investment Company, is wanted at Goldfield.

A message was received from Constable Inman by the Reno officers early this morning asking that Gunn be arrested and held pending the arrival of officers from the southern country.

The officers immediately went to the home of Gunn at 237 West Fourth street, but after repeated calls failed to arouse the occupants. Search for Gunn is now in progress and he will be taken into custody as soon as his whereabouts can be ascertained. He was seen on the streets early last night and also attended the smoker given by the Commercial League, but he disappeared immediately after the meeting and has not been seen since.

It is impossible to learn the nature of the charges preferred against Gunn. About three weeks ago he left Reno for the southern country, apparently to close a mining deal. He returned to Reno early last week, stating that he had disposed of some mining property. The same evening he left for Portland, Oregon, with his wife. They returned to Reno Tuesday morning.

WOMAN HANGED.

ST. PETERSBURG, Oct. 31.—Mlle. Ragozinnikova, who killed General Maximoffsky last Monday, was hanged this morning.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by Tonopah Drug Co.
